

MULTI-FAITH FUNERAL FOR COAL

10-11am

Wednesday 27th March

**Bill Shorten MP's Electorate Office
12 Hall Street
Moonee Ponds**

You will be aware of the long and generous life that coal has had, but probably also about its terminal decline over the past number of years. Please join religious leaders from the Australian Religious Response to Climate Change at the Funeral to farewell coal, leaving it in its final resting place.
