

# safety & Respect

## Bystander intervention

Knowing how to keep a situation from escalating or to disrupt a problematic situation

Interfaith Networks and Faith community representatives from Monash, Boroondara, Whitehorse and Manningham are invited to an interactive workshop facilitated by Dr. Ree Boddé to build the skills and confidence to speak out against violence-supportive attitudes and behaviours.

What if you could stop violence before it starts? You can.

Learn how to safely and effectively tackle family violence, sexual harassment and disrespect. Everyone has a role to play in the prevention of violence and while no one can do everything, everyone can do something.

**Thursday 6 June 2019**

**6pm – 9pm**

Greythorn Community Centre  
2 Centre Way, Balwyn North
