

Common Statement of the Faith Communities Council of Victoria

We commit ourselves, as people of many faiths,
to work together to build a better society now
and for future generations.

We seek to achieve this through our dedication to
shared values and ideals: love, peace, compassion, justice,
freedom, truth, personal integrity, human dignity,
trust, respect and understanding.

We celebrate our diversity while honouring our differences.
We embrace both the distinctive and common
aspects of our traditions.

It is our right to live in peace and goodwill,
without fear or prejudice – and it is our mission
to join together as people of many faiths to achieve this
for our neighbourhoods, communities, and society.
