PEOPLE OF ALL FAITHS WELCOME

Join us for a delicious vegetarian pot-luck dinner at 7, followed by our first planning meeting for 2011. Then at 8.30 we will switch off the lights to mark Earth Hour together, and hear stories by candlelight from different faiths about their environmental concerns and responsibilities.

*This image shows Australia with an average 4 degree global temperature rise. Victoria has 4 degree rise – the white area in central eastern Australia is 7 degrees! **So get along and do something!***

This original 'Dalle de Verre' stained glass will be on display as part of our art exhibition on 26th March
